DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Thursday, 22 July 2021 at 05:44 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels will be Moderate across much of Wales, central and southern parts of England on Thursday, especially across parts of southwest England, particularly along the Bristol Channel. Pockets of Moderate levels are also expected in parts of southwestern coastal areas of Scotland. Low pollution levels are expected elsewhere.

Tomorrow: Air pollution levels are expected to remain Moderate across parts of Wales and coastal areas of southwest England. Pollution levels should remain Low elsewhere.

Outlook: Pollution levels are expected to be mostly Low across the UK during the period, with a change to unsettled and cooler conditions. Chance of occasional Moderate levels down some North Sea coastal areas of England.
